

# IS IT USED OR IS IT UNISOFT?

It's not **guaranteed**  
**clean**, unless it's a  
**Unisoft One.**

**UNISOFT**  
MEDICAL  
CORPORATION

Unisoft is located in a historic mill building in Torrington, Connecticut. The Unisoft One support surface is manufactured in-house on equipment developed exclusively by the Unisoft Team. Our entire company operates within the same building, including Customer Support, allowing us to provide the highest level of customer satisfaction.

# UNISOFT ONE™

The world's first  
single patient use  
healthcare mattress.

The new standard of care in  
pressure ulcer prevention  
and infection control.

**UNISOFT**  
MEDICAL CORPORATION

**A safe, clean, hospital grade, single patient use therapeutic support surface that's made in the U.S.A. and affordably priced.**

### **Lightweight.**

The Unisoft One mattress and pump system weighs just 6lbs and ships straight to your door in a hassle-free 24" x 24" box.

### **Simple.**

The Unisoft One sets up in minutes and requires no training or professional medical experience to assemble and operate. Simply unfold, place on bed, attach the pump, and turn on.

### **Responsible.**

The Unisoft One support surface is made in the United States from high quality, non-toxic, recyclable materials.

### **Durable.**

The Unisoft One has been expertly developed to last a standard patient's length of treatment and is 100% guaranteed for one year.

### **Clean.**

Unlike traditional medical mattresses, the Unisoft One is guaranteed to be brand new and unused - made just for you. Both the mattress and pump can be cleaned with bleach to maintain cleanliness during use.

### **Effective.**

Our unique "low pressure alternating pressure" provides effective pressure redistribution and relief without hard spots or annoying motion. Firmness is easily adjusted with a control dial on the pump. The integrated side rails make exiting and entering the bed easy and safe. We use state-of-the-art pressure mapping and independent laboratory tests to validate the comfort and effectiveness of the Unisoft One. Pressure mapping results compare favorably to mattresses costing more than ten times as much.

### **Absolutely revolutionary.**

The Unisoft One is the first and only of its kind and will set the standard for modern care practices moving forward.

# **WE BELIEVE EVERYONE HAS THE RIGHT TO SAFE CARE,**

including the prevention of pressure ulcers and protection from infections caused by traditional reusable healthcare mattresses.
